TRAVERTINE & MARBLE · DENİZLİ, TÜRKİYE

# Natural Stone, quarried direct.

Premium Turkish travertine & marble — supplied direct from our Denizli quarries to contractors, architects and wholesalers across the United States.

US STANDARD SIZES · 6" 12" 18" 24" TILES · FRENCH PATTERNS · PAVERS · COPING [damlatasmrble.com](http://damlatasmrble.com)

DIRECT FROM DENIZLI

# From a single seam of stone to your jobsite.

Damlataş Marble operates from the travertine belt of Denizli in south-western Türkiye — one of the world's richest sources of dense, uniform, warm-toned natural stone. We own the relationship from block to bundle: extraction, gang-saw slabbing, calibration, finishing and export crating all happen under one chain of custody.

That control is what lets us hold tone and thickness consistent across a full container — and price competitively for the US trade by removing the layers between quarry and contractor.

*“We don't broker stone. We cut it, finish it, and load it ourselves.”*

CONTAINER-READY EXPORT CRATING

**FIG. 01** Denizli quarry – extraction face

**FIG. 02** Vein-cut slab, natural tone range

## THE PALETTE

# Five warm stories in natural stone.

Every Damlataş color is a true natural travertine — no two pieces alike. Select a single color for calm, even fields or a light mix for movement.

## Classic Light

CL-01

Soft ivory-to-beige with gentle veining. The signature all-rounder for interiors.

## Light Mix

LM-02

Blended ivory, beige & mocha tones in one bundle for natural variation.

## Venezia

VZ-03

Warm cross-cut with deeper walnut movement and chiseled-edge character.

## Sunset

SS-04

Golden honey field with amber undertones — a favorite for outdoor settings.

## Antik

AN-05

Tumbled, aged finish with rounded edges for a weathered, old-world look.

Color codes are for reference only. Physical samples available on request — request a sample box before specifying for a project.

## SURFACE &amp; EDGE

# Four finishes. Three edges.

FINISH	CHARACTER
Tumbled	Soft, matte, rounded edges — aged & tactile
Honed	Smooth, even matte — clean & contemporary
Filled	Voids grouted & honed — uniform, low-maintenance
Brushed	Antiqued texture, satin sheen — grip with warmth

**BRUSHED** Classic Light, brushed & filled — surface detail

## EDGE PROFILES

**Straight**

Square sawn edge for tight modern joints.

**Chiseled**

Hand-dressed bevel for a rustic, broken-edge look.

**Bullnose**

Rounded over for steps, pool coping & caps.

Finishes and edges combine freely across every color and format. The most-requested US specification is **Classic Light, brushed & filled, with a chiseled edge** — a versatile, slip-aware surface for both interior floors and shaded patios.

TUMBLED

FILLED

BRUSHED

CHISELED EDGE

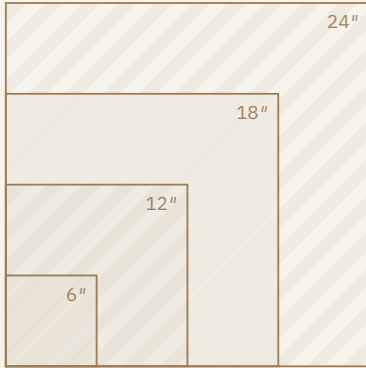

01 / 03

# Premium Tiles

Calibrated travertine in four US standard sizes — 6", 12", 18" and 24" square — at a true ½" thickness, in every finish.

US STANDARD FIELD SIZES

Square formats, drawn to scale.

THICKNESS

1/2" (12 mm)

EDGE

Straight / Chiseled

- TUMBLED
- HONED
- FILLED
- BRUSHED

**CLASSIC LIGHT** Honed & filled field

NOMINAL SIZE	PCS / BOX	COVERAGE
6" x 6" x 1/2"	40	10 sf
12" x 12" x 1/2"	10	10 sf
18" x 18" x 1/2"	4	9 sf
24" x 24" x 1/2"	2	8 sf

Box weights ≈ 11-13 lb/sf. Coverage nominal.

02 / 03

# French Pattern Sets

The classic four-size Versailles module — a self-repeating bundle that lays a rich, old-world field with minimal cutting.

ONE REPEATING SET

# Four stones, infinite field.

Four calibrated sizes interlock into the traditional French (Versailles) pattern. One set ≈ **16 sq ft**; repeat across any area with running joints.

Module layout – sizes in inches.

SET COMPOSITION

PIECE SIZE	QTY	PER SET
8" × 8"	2	½" thick
8" × 16"	1	½" thick
16" × 16"	1	½" thick
16" × 24"	1	½" thick

AVAILABLE FINISHES

- TUMBLLED

COLORS & FINISHES — FULL SET

**CLASSIC LIGHT** Honed & filled, straight edge

**VENEZIA** Tumbled, chiseled edge

03 / 03

# Outdoor & Specialty

Pavers and pool coping engineered for exterior service — thicker gauges, tumbled grip and rounded bullnose edges.

## EXTERIOR PAVERS

# Built for the patio, deck & walkway.

Paver gauge travertine — tumbled for natural slip resistance and supplied in single sizes or the French pattern set. The cooler-underfoot, frost-tolerant choice for pool decks and outdoor living across US climates.

Thickness	1¾" (3 cm)
Single sizes	12×24 · 16×24 · 24×24
Pattern set	French / Versailles
Finish	Tumbled
Edge	Tumbled / Chiseled

**APPLICATION** Tumbled travertine pavers & coping – pool surround

**LIGHT MIX** Tumbled paver field

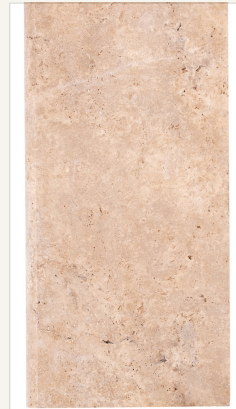

DCOF > 0.42 typical (wet). Request test report per lot.

POOL COPING

# The rounded edge that finishes the pool.

**SUNSET · 5 CM** Single bullnose, chiseled face – edge profile

**CLASSIC LIGHT**

**SUNSET**

Sizes	12x24 · 16x24
Thickness	2" (5 cm)
Edge	Bullnose / Half
Finish	Tumbled / Brushed

Drop-face & remodel coping to order.

**Full Bullnose**

Rounded both faces — freeform & spa edges.

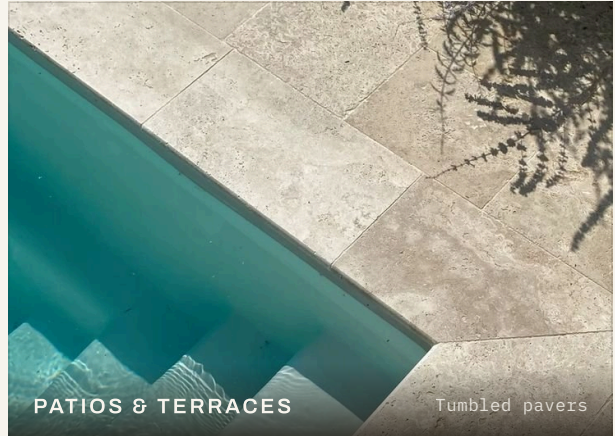

**Half Bullnose**

Rounded top, square underside — straight runs.

IN PLACE

# Where Damlataş stone lives.

Damlataş travertine in finished projects across the US and Europe — from pool surrounds and patios to interior floors and feature walls.

## SPECIFICATION

# Technical data & shipping.

## TYPICAL PHYSICAL PROPERTIES

Water absorption	≤ 2.0 %
Bulk density	2.45 g/cm <sup>3</sup>
Compressive strength	85–110 MPa
Flexural strength	12–18 MPa
Abrasion (Böhme)	≤ 30 cm <sup>3</sup> /50cm <sup>2</sup>
Frost resistance	Pass
Mohs hardness	3 – 4

Typical values for Denizli travertine.  
 Certified test  
 reports issued per shipment on request.

## EXPORT &amp; FREIGHT

Packaging	Crates / euro pallet
Treatment	ISPM-15 fumigated
20' container	≈ 18–20 t
40' container	≈ 24–26 t
Lead time	3–5 weeks
Incoterms	FOB İzmir · CIF
Ports	İzmir · Mersin

**NOTE** Mixed-format containers available to consolidate orders.

LET'S TALK STONE
